TERMINAL BUILDING AT TIRUPATI AIRPORT UNVEILED

Airports Authority of India (AAI) boosts connectivity in the land of Balaji with the inauguration of new terminal building at Tirupati Airport

TT BUREAU

The new integrated Terminal Building at Tirupati Airport was recently inaugurated by the Prime Minister of India, Narendra Modi in the august presence of Governor of Andhra Pradesh, ESL Narasimhan; Chief Minister of Andhra Pradesh, Nara Chandrababu Naidu; Union Minister of Civil Aviation, P Ashok Gajapathi Raju; Union Minister of Parliamentary Affairs, Urban Development, Housing and Urban Poverty Alleviation, M Venkaiah Naidu; Union Minister of State (I/C) for Culture & Tourism and Union Minister of State for Civil Aviation, Dr Mahesh Sharma; Minister of Environment & Forest, Science & Technology Cooperation, Government of Andhra Pradesh, B Gopala Krishna Reddy and Member of Parliament (Lok Sabha) Dr Vara Prasadarao Velagapalli.

The terminal building has been designed taking direct inspiration from the ancient bird deity, Garuda. The bird that closely resembles an eagle is often depicted as the carrier of Lord Vishnu (Lord Tirupati Balaji) and is popular all across India. The Terminal Building with the shape of Garuda-in-flight instantly connects with passengers visiting this temple city for their religious pilgrimage.

Built over a sprawling area of 16,500sq.m and 5500sq.m basement area, this airport terminal building uses energy efficient and eco-friendly material like fly ash bricks, low heat gain glass, LED lighting and energy efficient chillers and has obtained 'four-star' rating of GRIFIA. The terminal building is capable of handling up to 700 passengers, is a steel and glass structure and equipped with the latest modern state-of-the-art passenger friendly facilities.
