

To manage the ever-increasing Passenger Traffic at its airports and prevent congestion, the Airports Authority of India is implementing forward-thinking measures. The Terminal Reconfiguration initiative seeks to boost passenger handling capacity, meeting the evolving demands of #India's booming #CivilAviation Sector. This extensive plan of the organisation is currently underway at #Bhopal @aaibplairport, #Dibrugarh @aaidibairport, #Belagavi @aaiblgairport, and #Indore @aaidraairport Airports.

AAI : Where Vision Leads to Innovations!

Terminals Reconfiguration Initiative
Unlocking Airports Maximum Potential

Bhopal, Dibrugarh, Belagavi & Indore Airports

Undergoing Innovative Reconfigurations
