
Guwahati Airport implements A-CDM system

GUWAHATI, JAN 29: This Republic Day 2020, the Lokapriya Gopinath Bordoloi International Airport, Guwahati implemented Airport Collaborative Decision Making (A-CDM) system which is first in the North East Region and only the 8th Airport in India where Airports Authority of India has executed such task in the country. Before Guwahati it is functional at Delhi, Mumbai, Kolkata, Chennai, Jaipur, Ahmedabad and Trivandrum.

The A-CDM services at LGBI Airport, Guwahati was inaugurated by Sanjeev Jindal, Regional Executive Director, AAI-NER in presence of Ramesh Kumar, Airport Director Guwahati Airport.

A-CDM involves over all coordination among the Air Traffic Controllers (ATC), Airline Operators, Ground Handlers, Future ANS system, Military, Liaison and the Airport Operator for real-time and accurate departure of flights from an airport. It will reduce congestion at holding point. Holding point is a point before entering active runway when aircraft is ready for departure due to arrival aircraft.
