

AAI is actively advancing towards e-mobility, aligning with the Hon'ble PM's vision of fostering a #SustainableFuture. The organisation is adopting Electric Vehicles & inspiring Airport Service Providers to develop robust Charging Infrastructures across all #IndianAirports. At #AAI's #BhopalAirport @aaibplairport, a New EV Charging Station was recently inaugurated by Sh. Sanjeev Singh, IAS, Divisional Commissioner, Bhopal in the presence of Airport Director & other officials. This facility features a Powered Charger & an advanced 30KW #FastCharger, offering simultaneous charging options to 04 Vehicles, ensuring Efficient e-mobility solutions for Passengers
