

### **DigiYatra Launches at Chennai International Airport**

**Chennai International Airport, 7<sup>th</sup> June, 2024** – The DigiYatra facility has been commissioned on 6<sup>th</sup> May, 2024 at Chennai Airport for the seamless flow of domestic passengers by the Airport Director, Chennai Airport, in the august presence of the Regional Director, BCAS, DIG, CISF, Airlines, TN Police, and various stakeholders. This state-of-the-art service is now available at all entry gates of Terminal 1 and Terminal 4, ensuring a smoother and more efficient passage for our domestic passengers.

DigiYatra utilizes cutting-edge facial recognition technology to streamline the travel process, making face as one's ID. This advancement significantly reduces the time spent in queues at entry gates, Pre SHA and boarding gates which enhances the overall travel experience.

We are enthused to offer this modern service to our domestic passengers and look forward to seeing the positive impact on their travel through Chennai International Airport.

With DigiYatra, Chennai International Airport reaffirms its commitment to leveraging advanced technologies to provide exceptional services. We invite all domestic passengers to experience the convenience and efficiency of this new system on their next journey through our airport.

Passengers of IndiGo, Spice Jet and Akasa can avail this facility at T-1 domestic terminal and Air India, Vistara and Air India Express passengers can avail this facility at T-4 domestic terminal in Chennai Airport.

Kindly follow the steps to install the Digi Yatra Application by visiting the below given link.
