

Chennai, 18.10.2022: In line with Swachh Bharat initiative of Government of India, Airports Authority of India, Chennai Airport has started Special Campaign 2.0 in airport and its premises from October 2,2022.

Government of India has announced the special campaign 2.0 from October 2 to October 31, 2022 and all AAI airports are actively participating in the campaign already. The campaign includes indoor and outdoor cleaning of identified sites of airport, record management in offices, weeding out of files and timely disposal of public grievances. Chennai Airport is also extending unflinching support to the campaign with month long special cleanliness drive carried out in its terminals, operational offices and premises including AAI residential colony and allied buildings. The drive also includes disposal of scrap (through auction) and obsolete items accumulated over time.
