**TECHNICAL INSTRUCTION: 11**

Sub: Approval of Design Mix for Engg Works.

It has been observed that there are no clear guidelines available in Engineering Works Manual regarding approving authority for design mix of various Bituminous / Rigid Pavement Work items. In order to have uniformity of procedures adopted at different field stations, it is directed that henceforth the Engineer-InCharge of work will ensure that the mix design report received from approved Laboratory / Engg College as per NIT conditions, shall be got approved from concerned GM of Project/ Work. This shall apply to all Building and Pavement works.
