

AIRPORTS AUTHORITY OF INDIA

PRESS RELEASE

Subject :- Interactive Session on “Air Transport Statistics” conducted jointly by Airports Authority of India (AAI) and Directorate General of Civil Aviation (DGCA).

New Delhi, 11th June, 2015 : An interactive Session on Air Transport Statistics has recently been concluded which was attended by officials from DGCA, Airports Authority of India, Air India, DIAL, MIAL and Airlines.

The focus of the interactive session was on Database Management maintained by various agencies, culmination of various mechanism deriving synergy towards efficient and effective management of data so as to ensure that the data collected is authentic and complete and dissemination through a common interface.

Professionals from various disciplines gave their mind and the panel has proposed that the integrated software may be developed for collection of data from the source to ensure that it meets the requirement of various agencies involved in the process. The panel has also proposed that a working group with representative of various agencies may be formed to further develop on this so that best practices can be gathered and Air Transport Statistics compilation is presented to the end users in a cohesive and effective manner.
