

## **Directorate wise list of items to be considered under NCNC Trial**

### **Technical Directorate:**

1. Runway Rubber Deposit Removal Machine
2. Airport Surface Friction Testing Machine
3. Runway Mechanical Sweeper/Pavement Cleaner
4. Pavement Marking Machine with Old Pavement Marking Removal
5. Grass Cut Cum Collect Machine
6. Airfield Crash Fire Tender (ACFT)

### **CNS Directorate:**

1. DME
2. DVOR
3. ILS
4. HF Rx and accessories
5. VHF/ Tx/ Rx and accessories
6. HF Tx and accessories
7. VHF Transceiver Manpack
8. DATIS
9. DVR
10. VCCS
11. ASR-MSSR
12. MSSR
13. ASMGCS
14. ADS-B
15. Automation system type-B
16. Integrated Air Traffic Simulator

### **Airport Systems:**

1. Body Scanner
2. CT based X-ray machines
3. Explosive Trace Detector
4. Self Service Bag Drop System.

### **Engineering Dte:**

1. Elevated type LED Airfield Ground Light (AGL) fitting
2. Inset type LED AGL fitting
3. PAPI
4. Constant Current Regulator (CCR)
5. ILCMS / ALCMS
6. Automatic Switching Device (ASD) for AGL
7. Passenger Boarding Bridge (PBB)
8. AVDGS
9. Any emerging technology / technological solution /system related to energy efficiency & emission reduction measures or related to aviation field, duly recommended by concerned Dte. & with the approval of Chairman, AAI.
