IMPROVED ACCESS TO EDUCATIONAL FACILITIES

Ensuring access to quality educational facilities for children is one of the CSR objectives under AAI CSR programme. Till date AAI has supported establishment of 21 schools across the country benefiting over 10,500 students.

CONSTRUCTION OF TWO NEW SCHOOL BUILDING NEAR KOLKATA AIRPORT

AAI undertook construction of two new school buildings-Dum Dum Airport High School (Bengali medium) and Dum Dum Airport Hindi High School adjacent to Jessore Road-kaikhali Road junction, near Kilkata Airport. In total 23 class rooms in Hindi Block and 19 rooms in the Bengali Block were created, on AAI land, in Kolkata. Each block has separate computer rooms, libraries, assembly hall, laboratories, toilets, stores, teachers room etc. the total floor area of the four storied building is 4012 sqm. Architectural plan of the school was prepared in house by AAI. Construction of the School building was completed in March 2013 at a total cost of Rs.8.80 Crores.

ENHANCING VOCATIONAL SKILLS

Being an important stakeholder to the infrastructure and construction sector, Airports Authority of India (AAI) appreciates the urgent need of developing a skilled & certified workforce for smooth implementation of construction projects.

Following the success of Skill Development initiative in 2015-16, Airports Authority of India (AAI) and Construction Industry Development Council (CIDC) signed an MOU for “Financial Assistance for Employment Oriented Training and Skill Development Programme for SC/ST/OBC/Women, Unemployed Youth & EWS of society for 2000 persons under the CSR initiative through Construction Industry Development Council (CIDC)” during 2016-18.

The program is aimed at providing job oriented skill development and training to the marginalized and economically weaker sections of the society across India.

The training to the beneficiaries is organized in CIDC centers and is geared to provide job-oriented skills to rural youth, women, SC/ST/OBC and other marginalized sections enabling their gainful employment in the construction industry.
