

Airports Authority of India

Press Release

AAI holds talks with U.S. Commercial Service for enhanced participation and cooperation in field of Aviation

New Delhi, 09th November 2018: A meeting was held at Airports Authority of India's Corporate Headquarters at New Delhi between AAI's Business Development Unit, headed by Mr. S. Suresh Member (Finance) and team of U.S. Commercial Service, headed by Mr. Gregory Taevs, Acting Deputy Minister Counselor and Mr. Spencer Dickerson, Senior Executive Vice President for Global Operations and Secretary to the AAAE Board of Directors for the American Association of Airport Executives on 08th November, 2018.

Speaking on the occasion, Mr. Suresh stressed upon the strategic importance of working together with U.S. organisations and suppliers to sustain the unprecedented double digit growth of aviation in India and urged for enhanced participation of American suppliers for Airport and Air Navigation Services related requirements. He also emphasized that AAI can also offer its assistance for American Airports with its in-house developed, revenue management system SkyRev360.

AAI, U.S. Commercial services and AAAE discussed various avenues and opportunities to participate in the aviation market in India. Both sides agreed for signing an MOU for a long term cooperation in various aviation related fields like capacity building, digital innovations and various other such initiatives between Airports Authority of India and American Association of Airport Executives.
