

AIRPORTS AUTHORITY OF INDIA

PRESS RELEASE

Signing of Legal Agreement between AAI and Hi-Tech Systems of USTDA Funded ASETEP

New Delhi – 28th April, 2015-An Aviation Security Equipment Testing and Evaluation Programme legal agreement was signed between Airports Authority of India and Hi-Tech Systems on 24th April, 2015 in the presence of Shri RK Srivastava, IAS, Chairman, AAI and representatives of US Embassy and other senior officials of BCAS, MOCA, USTDA & AAI.

Genesis of this project stems from the fact that OEMs are not permitted to share technical capabilities of machines with buyers. Through this project even though source code may not be shared, yet Indian side would be able to determine capability of machines and measures the acceptable level of risk.

It would also held in capacity building information, generic technical specifications and evaluation of technologies., Moreover, it would empower AAI with knowhow on setting up of its own R&D facility.
