Arunachal Pradesh to get a Greenfield Airport in Hollongi

New Delhi, 03rd March 2022: Considering the importance of air connectivity to the capital city of Arunachal Pradesh, AAI has undertaken the work of constructing a Greenfield Airport in Hollongi, 15 Kms from Itanagar. With an estimated cost of Rs.645 cr, the project includes the development work i.e. construction of airport pavements, air side work, terminal Building and city side works.

The proposed airport is designed for operations of A-320 category of aircraft and future extension of Runway by 500m length to cater A-321 type of aircraft. With an area of 4100 sqm, the terminal building of the airport will be able to handle 200 passengers during peak hours. Equipped with eight check-in counters, the terminal building will have all modern passenger facilities.

Development Work is in full swing and almost 80% of airside works is completed. Progress of Construction of New Interim Terminal building is 30% The airport is planned for operationalization on 15th August 2022.

The terminal will be an energy efficient building provisioned with Rain Water Harvesting system and sustainable landscape. The development work also includes construction of ATC Tower cum Technical Block, Fire station, Medical Centre and other ancillary works.

The building's envelope is influenced by the surrounding landscapes. Moving away from the strict geometry of straight lines and angles, the roof form is organic and establishes instant connection with the viewer. The building interior is designed to emanate a sense of calm to the passengers. This is achieved by providing free-flowing spaces, hidden service core and a glass façade that links the eye to the panoramic scenic beauty of the Himalayan Foothills.

Hon'ble PM has laid emphasis on transforming Arunachal Pradesh into a major gateway to South East Asia by developing modern infrastructure across the state. An airport to connect the capital city is a much-needed aspiration of local community which will also accelerate economic activity in the region.
