

Airports Authority of India Press Release

Indian Aviation Academy organises Training Programme on "Executive development program - Executive Competency Enhancement Skills"

New Delhi, May 26, 2023—Indian Aviation Academy (IAA) conducted a highly successful training programme on Executive Development Program-Executive Competency Enhancements Skills from 22-26 May, 2023. The Indian Aviation Academy (IAA), a prestigious joint venture of the Airports Authority of India (AAI), the Directorate General of Civil Aviation (DGCA), and the Bureau of Civil Aviation Security (BCAS), reaffirms its commitment to nurturing talent and empowering professionals in the aviation industry.

Under the visionary leadership of Dr. H. Srinivas, President General Body-, IAA, Member-HR- AAI, the event achieved its objectives and set the tone for an intensive and insightful training journey for all attendees. The training programme on "Executive Competency Enhancement Skills" was meticulously designed to cater to the evolving demands of the aviation industry. Esteemed aviation professionals from various national and international airports actively participated in the programme, which served as a valuable platform for knowledge exchange and skill development.

The programme focused on equipping executives with the essential competencies required to excel in today's dynamic business environment. With a holistic approach to executive development, the curriculum encompassed a wide range of topics and interactive sessions, ensuring an engaging and enriching learning experience.

Throughout the training programme, renowned experts and experienced professionals through sessions incorporating theoretical frameworks, case studies, interactive discussions, and practical exercises, conducted sessions wherein Participants had the opportunity to delve into topics such as effective managerial competencies, stress management, problem-solving and decision-making, effective communication, conflict management, emotional intelligence, and many more for a well-rounded training experience.

Expressing satisfaction with the programme's outcome, Dr. Srinivas, Member HR-AAI, reaffirmed the institution's commitment to continuous professional development. He stated, "We are delighted to have facilitated this transformative training programme, enabling executives to enhance their competencies and drive success in their respective organizations. The Indian Aviation Academy will

continue to provide platforms for industry professionals to upskill and stay ahead in an ever-changing business landscape.

Dr. H. Srinivas further assured executives, saying, "Our goal is to equip you with the tools, knowledge, and skills necessary to excel in your roles and lead with confidence." The successful completion of the "Executive Development program- Executive Competency Enhancement Skills" training programme at the Indian Aviation Academy reflects the institution's dedication to excellence in executive development.

By bringing together national and international participants and fostering a conducive learning environment, the programme has undoubtedly contributed to enhancing the leadership capabilities of executives in the aviation industry and beyond.
