

Airports Authority of India observes 'Yatri Suvidha Diwas' on 15th June 2026

New Delhi, 16 June 2026: The Airports Authority of India (AAI), under the aegis of the Ministry of Civil Aviation, observed *Yatri Suvidha Diwas* across its airport network on 15th June, 2026, reaffirming its commitment to providing a seamless, safe, accessible and passenger-friendly travel experience.

As part of Yatri Suvidha Diwas, AAI airports across the country organised a comprehensive range of passenger-centric activities aimed at enhancing the travel experience and fostering greater engagement with travellers. The initiatives included welcoming arriving passengers with traditional welcome ceremonies, conducting plantation drives under the 'Ek Ped Maa Ke Naam' campaign, organising folk dance performances to showcase local culture, and holding quiz and painting competitions for children.

Airports also set up selfie booths to create memorable experiences and increase passenger engagement. In addition, blood donation camps, health and eye check-up camps, airport familiarisation visits and career guidance sessions for students were organised at various locations. Airport officials interacted directly with passengers and conducted feedback drives among both arriving and departing travellers to gather valuable insights for further improving services. All these initiatives witnessed enthusiastic participation from passengers, who appreciated AAI's continued efforts to deliver engaging, seamless and memorable airport experiences.

The event highlighted AAI's continued efforts towards improving passenger convenience through technology-driven and customer-focused initiatives such as Digi Yatra, the UDAN Yatri Café, Flybrary, Kids' Zones, free Wi-Fi services, accessibility assistance for persons with reduced mobility, medical facilities, self-baggage drop systems, digital information kiosks and robust grievance redressal mechanisms.

AAI continues to modernise airport infrastructure and deploy innovative technologies to make air travel more efficient, accessible and sustainable. Through continuous engagement with passengers and stakeholders, AAI remains dedicated to transforming Indian airports into globally benchmarked hubs of connectivity and service excellence.
