AAI declares 30 more airports as ‘Single-use plastic free’, 85 AAI airports across India are single-use plastic free now

New Delhi, 31st October, 2019: The Hon’ble PM of India has urged fellow citizens to avoid using plastic bags and rid themselves of the habit of using single-use plastic bags. Proactively acting on the Hon’ble PM’s clarion call and as per the directions issued by the Ministry of Environment, Forest and Climate Change to beat plastic pollution 55 AAI Airports namely Agartala, Ahmedabad, Amritsar, Aurangabad, Bagdogra, Belgaum, Bhopal, Bhubaneswar, Bhuj, Calicut, Chandigarh, Chennai, Coimbatore, Dehradun, Dibrugarh, Dimapur, Gaya, Gorakhpur, Goa, Guwahati, Imphal, Indore, Jabalpur, Jamnagar, Jaipur, Jammu, Jodhpur, Jorhat, Kangra, Khajuraho, Kolkata, Leh, Lucknow, Madurai, Mangalore, Patna, Port Blair, Prayagraj, Pune, Rajahmundry, Rajkot, Raipur, Ranchi, Srinagar, Silchar, Surat, Tuticorin, Tiruchirappalli, Tirupati, Trivandrum, Udaipur, Vadodara, Varanasi, Vijayawada & Visakhapatnam had been declared ‘Single-Use Plastic Free Airport Terminals’ till 30th August, 2019

As part of initiatives towards environment protection, a commitment was made by AAI for making remaining 30 operational AAI Airports as ‘Single Use Plastic Free Airport Terminals’ by October, 2019. Accordingly, on the basis of Third-Party Assessment carried out by the Quality Council of India, 30 AAI Airports namely Agatti, Adampur, Agra, Bhatinda, Bhavnagar, Bikaner, Diu, Gwalior, Hubli, Jaisalmer, Jalgaon, Jharsuguda, Kadapah, Kandla, Kanpur, Kishangarh, Kolhapur, Kullu, Lilabari, Ludhiana, Mysore, Pakyong, Pant Nagar, Pathankot, Porbandar, Puducherry, Salem, Shillong, Shimla and Tezpur have been declared ‘Single-Use Plastic Free Airport Terminals’ with effect from 28th October, 2019

Various steps have been undertaken by AAI to eliminate the single-use plastic items at passenger terminals and city side of AAI airports. These steps include banning of single-use plastic items like straws, plastic cutleries, plastic plates etc.

AAI is also enhancing its waste management systems and is promoting the use of eco-friendly sustainable alternatives like use of biodegradable garbage bags in the garbage bins and installation of plastic bottle crushing machine at airports. AAI airports have also started various awareness campaigns for sensitizing all stakeholders specially passengers towards the cause and to drive engagement and cooperation from all of them.

For making environmental conservation an ingrained organisational mission, the Airports Authority of India has formulated an Environment Policy which envisages its commitment for reduction of Green House Gases(GHG) and sustainable development by implementing cost-effective carbon mitigation action to conserve environment and reduce adverse impact on society, community and ecosystem thus contributing to national sustainable development goals.

As a part of this policy, AAI is conscious and committed towards sensitizing all employees and stakeholders to fulfil environmental obligation by reducing carbon footprint. In ensuring the successful implementation of dissuading the usage of single-use plastic items, AAI has been carrying out internal audits of its airports along with various stakeholders.
