

Important notice to bidders

RCS Cell has published stage lengths for the routes asked by the bidders in UDAN-1 and 2 on AAI website and on MSTC bidding portal. It is pertinent to mention here that the published stage lengths are for the purpose of planning by the bidders and has no bearing what so ever for the UDAN-3. Published stage lengths may vary and airport pairs may not be available in the current round of bidding.

Further even if the stage length so published is available at RCS Cell shall not be assumed to be available for network formation. Bidders have to invariably request stage length for their choice of routes to make it available for network formation.

Implementing agency/RCS Cell will not be responsible for non-availability of a route and stage length to form a network if it has not been asked by the bidders in the ensuing round of UDAN.

Issued with approval.
