Information Sought :	Reply
<p>Kindly provide details on the</p> <p>(1) funds spent since 2014 on modernization of terminals of Chennai International Airport(MAA).</p> <p>(2) whether considerations were made to upgrade the runway systems from CAT_1 to CAT_3A/CAT_2.</p> <p>(3) progress made on constructing the second phase of international terminal (4) reasons of repeated incidents of glass shattering which endangers. the passengers despite spending crores of rupees in modernization.</p> <p>(5) measures taken to improve the international traffic from the airport.</p>	<ol style="list-style-type: none"><li>1. Rs.. 1502 Cr. Approximately</li><li>2. Not pertains to Civil Engineering Department.</li><li>3. Physical Progress of Phase II 7% (Excavation for basement is in progress)</li><li>4. There is no repeated incident of glass shattering after 2014. If at all any breakage reported, they are purely accidental due to human error. Further, since all the glasses provided are safety glasses of toughened, laminated, heat strengthened, if in case of breakage, these glasses are shattering into small granules/ crystals and unlikely to induce any injuries.</li><li>5. Not pertains to Civil Engineering Department.</li></ol>
