Sl. No.	Applicant's Question (Original)	Reply
---	Information relating to demolition and construction activities undertaken by KIAL, Ltd. At Block BP, Sector V, Salt Lake, Kolkata - 700091, which may fall within the purview of your department, particularly with regard to aviation related permission and clearances. I request certified copies and detailed information on the following points:	-----
1	Whether the above - mentioned site falls under an airport or aerodrome protected area or within an Airport Authority of India (AAI) clearance zone.	To check whether any site falls in protected area or zone within OLS of any Aerodrome requires Site Coordinate and Elevation of said location.
2	Whether any No Objection Certificate (NOC) or Height Clearance or No Flying Zone (NFZ) permission was sought from or granted by DGCA or AAI in relation to the demolition or construction work carried out at the said site by KIAL Ltd.	AAI RNOCC-ER processes NOC for Height Clearance based on site coordinate & elevation provided by applicant. To check whether any NOC was issued for any site requires owner's name, site address and coordinate to identify the said site. The demolition or construction work are not in RNOCC-ER purview.
3	If such NOC or clearance was granted, kindly provide: A copy of the permission / clearance letter. The name of the applicant or company who applied. The name and designation of the authority granting such permission. The date of application and the date on which permission was granted. The validity period or limitations, if any, of the permission.	Even if AAI had issued NOC for height clearances to 1 st party, any related documents/information cannot be disclosed to 3 rd party unless 1 st party authorizes / permits in writing to provide his/her concerned documents/information to 3 rd party's interest. [Ref. section 8(1)], of RTI ACT, 2025]
4	Whether any inspection or site survey was conducted by DGCA or AAI prior to granting such clearance. If yes, kindly provide a copy of such report(s).	To check whether any inspection or site survey was conducted by AAI requires owner's name, address and coordinate of said site.
5	Whether the construction of a 21+2 tower or a World Trade Center structure was informed to or cleared by DGCA or any aviation authority and if yes: Provide a copy of the application submitted or clearance. Provide a copy of the permission granted or the proposed Height of the buildings. Mention the maximum possible height allowed at that site according to aviation regulations.	Construction of structures related matter are in local authorities' purview. AAI issues NOC for height clearance only based on Site coordinate & elevation, if applied, in NOCAS portal. Owner's name, site address and coordinate are required to identify said site's application details. Approximate Permissible Top Elevation can be checked by any applicant which is made available in NOCAS portal. https://nocas2.aai.aero/nocas
