

For Immediate Release

Today 27th 2011, Airports Authority of India, New Delhi

Old International Terminal Refurbished to handle Domestic Passengers at Trivandrum Airport

In order to provide spacious terminal space & more facilities to the domestic passengers at Trivendrum Airport, the flight operation for domestic flights has been shifted from the existing domestic building to the old refurbished international terminal building in early December, 2011.

The salient features of the building are as under: -

- Total floor area - 6241 Sqm
- Number of Aerobridges - 02
- Number of check-in counters with feeder Conveyors and in-built weighing scales - 17
- Arrival conveyors - 2 nos.
- Car Park Capacity - 300 nos.

All facilities that were available at the existing terminal has been shifted to the new location including concessionaires.

Airlines have been provided with separate space for ticketing; backup and engineering offices in the new refurbished terminal.
