The notice given by the party should be approved by the acceptance Authority. However the date on which notice was received at AAI will be the commencement of the notice period and administrative time required for the approval will not be added. If the party has served the notice, then the party is liable to pay demurrage charges. The demurrage charges will be equal to the amount of **Six (6)** months current licence fee if the termination occurs before the **50%** period of the original contract. The period of **Six (6)** months will be reduced to **Four (4)** months if the contract period served exceeds the **50%** period but is less than **75%**. If the period served exceeds **75%** and the period remaining is more than the required notice period for normal termination the demurrage will be equivalent to **Three (3)** months licence fee.
