The Authority is mandated under the Airports Authority of India Act, 1994 to, *inter alia*, manage the airports, civil enclaves and the aeronautical communication stations efficiently (other than airports and airfields belonging to, or subject to the control of, any Armed Force of the Union). The Authority, in its persistent efforts to provide world-class infrastructure and services to stakeholders, has been endeavoring to excel amongst its global peers by undertaking various initiatives.

As one of the initiatives, the Authority has decided to undertake an open competitive bidding process in accordance with the procedure set out herein for the purpose of selecting an entity or entities who will be responsible to provide the Ground Handling Facilities and Ground Handling Services at AAI managed Airports ("**the Project**"), in accordance with this RFP and the Concession Agreement (as defined below).

For the purpose of this RFP, Authority means **Airport Director, Lilabari Airport** wherever mentioned.

Year	Year 1	Year 2	Year 3
Revenue of SPV from Users other than Scheduled Domestic Passenger Flight (R_{IA})	300	200	320

Revenue of SPV from Scheduled Domestic Passenger Flight (R_{DA})	50	80	100

Total Revenue share calculated basis % defined in clause 3.4.1 ($TR_A = R_{SIA} + R_{SDA}$)	47.5	34	53
Premium to be paid (R_{PA}) $\text{Max}(MAG_A, TR_A)$	$\text{Max}(50, 47.5) = 50$	$\text{Max}(50, 34) = 50$	$\text{Max}(50, 53) = 53$

The bidder, in advance, should get ready the bid documents to be submitted as indicated in the tender document / schedule and generally, in PDF / XLS / RAR / DWF/JPG formats. Bid documents may be scanned with 100 dpi with black and white option which helps in reducing size of the scanned document.

To avoid additional time and effort required to upload the same set of standard documents which are required to be submitted as a part of every bid, a provision to upload such standard documents (e.g. PAN card copy, annual reports, auditor certificates etc.) has been provided to the bidders. Bidders can use "My Space" or "Other Important Documents" area available to them to upload such documents. These documents may be directly submitted from the "My Space" area while submitting a bid, and need not be uploaded again and again. This will lead to a reduction in the time required for the bid submission process.

The bidder should log into the site well in advance for bid submission so that they can upload the bid on time i.e. at or before the bid submission time. Bidder will be responsible for any delay due to other reasons.

The bidder has to digitally sign and upload the required bid documents one by one as indicated in the tender document.

The bidder has to pay the tender fee online on the portal as per details given in Appendix 13 of this RFP.

Bidder can also pay Bid Security through online on the portal as per details given in Appendix 13 of this RFP as applicable and enter details of the instrument.

The bidder should prepare the EMD/Bid Security as per the instructions specified in the tender document. The original BG of EMD/Bid Security should be posted/couriered/delivered in person to the concerned official on or before the date and time specified in the tender documents. The details of the BG (Bank Guarantee) physically sent, should tally with the details available in the scanned copy and the data entered during bid submission time, failing which the uploaded bid will be rejected.

Bidders are requested to note that they should necessarily submit their financial bids in the

format provided and no other format is acceptable. If the price bid has been given as a standard BOQ format with the RFP document, then the same is to be downloaded and to be filled in by all the bidders. Bidders are required to download the BOQ file (which is an excel file), open it and fill in the white colored (unprotected) cells with their respective financial quotes. No other cells should be changed. Once the details have been completed, the bidder should save the filled in file and submit it online, without changing the filename.

If the BOQ file is found to be modified by the bidder, the bid will be rejected. The server time (which is displayed on the bidders' dashboard) will be considered as the standard time for referencing the deadlines for submission of the bids by the bidders, opening of bids etc. The bidders should follow this time during bid submission.

All the documents being submitted by the bidders would be encrypted using PKI encryption techniques to ensure the secrecy of the data. The data entered cannot be viewed by unauthorized persons until the time of bid opening. The confidentiality of the bids is maintained using the secured Socket Layer 128-bit encryption technology. Data storage encryption of sensitive fields is done. Any bid document that is uploaded to the server is subjected to symmetric encryption using a system generated symmetric key. Further this key is subjected to asymmetric encryption using buyers/bid opener's public keys. Overall, the uploaded tender documents become readable only after the tender is opened by the authorized bid openers.

The uploaded tender documents become readable only after the tender is opened by the authorized bid openers.
